NEWS.STAFF APPOINTMENT - ALAN SYNMAN – FOUNDER – SJB

BST is extremely delighted to announce that Alan Synman has joined BST Consulting.

One of Australia's leading Architects, Alan brings an enormous wealth of knowledge with over 35 years of experience in Architectural Design. As a founder of the prominent Australian Architectural Firm, Synman Justin Bialek Architects (SJB), his wide experience with the planning and design of all types of development projects is unparalleled and his specific experience with integrated hospitality and leisure developments is unique.

Alan's appointment to the BST Team as a Development Consultant further strengthens BST Consulting's team, positioning BST as a dominant force in the Tourism, Hospitality and Leisure development markets.

The BST Team welcome Alan's experience and believes that his contribution and skills will be of significant benefit to all our clients.

PLEASE UPDATE YOUR CONTACT RECORDS - THANKS

BST Consulting Services

Specialised assistance and skills is required for the development of specialised:

**Golf,
Tourism,
Leisure and
Hospitality facilities**

BST is the only company servicing Australia in this area of development and is recognised as the industry leader.

BST's has created some of Australia's leading leisure and hospitality facilities using methodologies that allow comprehensive pre-planning from the ground up to the final operating solution.

Recent projects include some of the country's leading hospitality developments, such as

- **Moonah Links** – integrated clubhouse, golf course, hotel and residential (Rye, Vic)
- **Eynesbury Development** – integrated hotel, conference, golf course, residential (Melton, Vic)
- **Kangaroo Bay** – integrated hotel, conferencing, accommodation, maritime (Hobart, Tas)
- **Anvil Creek** – integrated clubhouse, golf course, hotel, and residential (Hunter Valley, NSW)
- **Clearwater Resort** – integrated hotel, wellness centre and accommodation (Daylesford, Vic).
- **University Hill** – integrated hotels and student accommodation, conferencing (Bundoora, Vic).

BST's success has come from the development of **eight (8)** sound methodologies, enabling prospective project commencement to be signed off with **T8 approval** saving our clients literally millions of dollars in efficiencies and project costs, from feasibility through to operation.

From project inception, **BST's** methodology can assist with feasibility studies and pre-planning of the hotel, hospitality and leisure facilities to determine basic configurations, style, marketability and financial pre-planning.

BST provides both a Design Brief, that ensures Architects and Designers develop the right solution first time, and an Operational Brief which encompasses the client's detailed expectations and requirements and provides the selection criteria for potential operators.

BST can assist with all aspects of the operation and facilities including audits, facility assessment, branding, marketing, customer satisfaction, profitability, efficiency, technology, and training.

BST can streamline operations as well as enhance the business through tourism information and marketing and promotional strategies.

BST Consulting for Golf, Tourism, Leisure and Hospitality excellence.
